

TakeAway Disco laser safety declaration

Laser display systems must only be installed and operated by a competent person with the necessary knowledge regarding laser safety. TakeAway Disco offer a variety of lighting and anyone who does not believe that they are competent to install and operate a laser display system should choose a different type of lighting.

The UK Health and Safety Executive provide guidance regarding laser safety for the entertainment industry. Information can be found here:

<http://www.hse.gov.uk/pubns/indg224.htm>

CUSTOMER DECLARATION

I understand that lasers can cause permanent damage to eyes and skin if used incorrectly. I declare myself competent and responsible for the safe placement and operation of the laser display system hired from TakeAway Disco and that no responsibility lies with TakeAway Disco whilst the equipment is in my possession.
